Peter Parker

S*pider-Man* is a fictional superhero appearing in American comic books published by Marvel Comics existing in its shared universe. The character was created by writer-editor Stan Lee and writer-artist Steve Ditko, and first appeared in the anthology comic book *Amazing Fantasy* #15 (Aug. 1962) in the Silver Age of Comic Books.

When Spider-Man first appeared in the early 1960s, teenagers in superhero comic books were usually relegated to the role of sidekick to the protagonist. The Spider-Man series broke ground by featuring **Peter Parker**, the high school student behind Spider-Man's secret identity and with whose "self-obsessions with rejection, inadequacy, and loneliness" young readers could relate.^[4] While Spider-Man had all the makings of a sidekick, unlike previous teen heroes such as Bucky and Robin, Spider-Man had no superhero mentor like Captain America and Batman

Dr. Octopus

Doctor Octopus (real name *Dr. Otto Gunther Octavius*), also known as *Doc Ock*, *Doc Octopus*, and the *Superior Spider-Man*, is a fictional supervillain appearing in American comic books published by Marvel Comics. A highly intelligent mad scientist, Doctor Octopus is one of Spider-Man's greatest enemies.

Alfred Molina (born **Alfredo Molina**; 24 May 1953) is an English actor, known for his roles in *Raiders of the Lost Ark*, *Maverick* (1994), *Spider-Man 2* (2004), *Chocolat*, *The Da Vinci Code*, *An Education*, *Rango* and *Prince of Persia: The Sands of Time* (2010)

He starred as DDA / Detective Ricardo Morales on the NBC police/courtroom drama *Law & Order: LA* and as Roger opposite Dawn French in the BBC television sitcom *Roger & Val Have Just Got In*.

The Scorpion

Mac Gargan was a private investigator initially hired by J. Jonah Jameson to find out how Peter Parker is able to obtain incredible pictures of Spider-Man.

[5] Gargan's efforts set off Peter's spider-sense and the teen was able to easily evade the detective. Jameson then decided to hire Gargan as the subject of a barely tested process that would endow him with the useful characteristics of a particular animal with the help of Dr. Farley Stillwell. Dr. Stillwell also outfitted him with a club-like mechanical tail. In this case, a scorpion was the base for the purposes of creating a powerful agent capable of defeating Spider-Man.

M**acDonald "Mac" Gargan is a fictional character that appears in comic books published by Marvel Comics. During his career as a villain of Spider-Man's, the character originally appeared as the most well-known incarnation of **Scorpion
